

WALL PLASTER TILE ADHESIVE BRICK / BLOCK MORTAR REPAIR MORTAR GROUT

Product Data Sheet Edition 01/09/2018

SIMCRETE TILE ADHESIVE - 302 SUPER PLUS

Ready to use Tile Adhesive - Super Plus for all kinds of Heavy Tile Application.

| SIMCRETE Dry-Mix Tile Adhesive - Super Plus is a premix high quality adhesive for fixing of all types of tiles such as Ceramic, Vitrified, Porcelain, Stone Slab etc for both floor & wall application | | | |
|--|--|---|--|
| Parameter | SIMCRETE Tile Adhesive | Conventional Method | |
| Application time | Fast application | Not possible | |
| Quality | Consistent quality due to computerized process | Manual mixing, hence not possible to test every batch | |
| Shrinkage cracks | Minimum shrinkage cracks | Significantly high shrinkage cracks | |
| Handling and storing | Easy handling and storage | Difficult to keep stock of different material | |
| Wastage | No wastage | High wastage | |
| Efflorescence | Negligible | Observed in many cases | |
| Sand | Graded | Not graded | |
| Rebound loss | Minimum | High due to non-gradation & bigger sand particle size | |

PRE - MIX MORTAR & ADHESIVES

JST ADD WATER

| Mixing | Water: Powder = 1 : 4 1 p.b.w water for ever 4 p.b.w powder . |
|--------------------|---|
| Mixing Time | 3 minutes minimum |
| Mixing Tool | SIMCRET Tile Adhesive - Super Plus can be mixed on a clean platform or container manually or ir a normal grout mixer. |
| | Mix thouroughly with clean water for minimum 3 minutes |
| | The product is now ready for use |
| Application Method | |
| | The surface of where the adhesive has to be applied should be free from oil, grease, pai loose plaster and dirt particles. The surface should be rough absorbant to a limited extent, strong and clean. |
| | 2. Dampen the surface before application of adhesive for better bonding |
| | 3. Water should be taken 1 : 4 ratio , i.e, for ever 1 part by weight water, 4 part by weight powder |
| | 4. Leave the mixture to react for 5 minutes. |
| | 5. For better coverage use notched trovel to spread the adhesive |

| Cleaning of Tools | Clean all tools and application equipment with water immediately after use. |
|-------------------|---|
| | Hardened / cured material can only be removed mechanically. |

Hazard Identification

According to the present state of knowledge, this product is safe for handling and has no adverse effect to humans or environment

First Aid Measures

| Eye Contact | : Avoid falling into the eyes. Rinse the eye with plenty of water, at the same time keep the unaffected eye well protected. |
|--------------|---|
| Inhalation | : Remove the casuality into fresh air. If the problem persists such as cough or throat irritation. Seek medical help |
| Skin contact | : Wash thoroughly the affected area with running water. |
| Ingestion | : Do not induce vomiting. Keep individual calm and seek medical assistance. |

Fire Protection Measures

| Fire | : Not considered a fire hazard material |
|---------------------------|---|
| Explosion | : Not considered a explosive material. |
| Fire extinguishing media | : Use agent appropriate to extingusish surrounding fire such as water spray, powder or foam. |
| Fire fighting instruction | : In the event of a fire, wear full protective cloathing with face shield. |

Accidental Release Measures

| General Protetective Measures | : Use proper personal protective equipment as indicated. |
|----------------------------------|--|
| Cleanup Procedure | : Scoop or sweep up spilled material and place into suitable container for disposal, Flush with water. |

Handling & Storage

| Handling | : | Wear protective garments, helments, eyewear during handling, avoid contact with eyes. |
|----------|---|---|
| Storage | : | Store in warm, ventilated & dry places. |

Exposure Control & Personal Protection

| Airborne Exposure Limits | :ACGIH TWA 10 mg/m3(Nuisance Dust) |
|-----------------------------|--|
| Ventilation System | : All system of local or general exhaust is recomened to keep workers exposure as low as possible |
| skin protection | : Wear appropriate protective clothing, including boots, gloves, coveralls to minimise contact with skin |
| Eye Protection | : Use chemical safety googles or face shield werever splashing is possible. Maintain eye wash and quick drench facilities in work place. |

Stability & Reactivity

| Stability | : | Stable under ordinary conditions of use and storage. |
|-------------------------------------|---|--|
| Hazardous Decomposition products | : | Potential irritating & toxic gases may be generated by thermal decomposition |
| Hazardous Polymerization | : | Not Known |
| Conditions to avoid | : | Incompatible materials, dust generation, acid and excess heat. |

Toxicological Information

| Toxicity area | : No information available |
|-------------------------|----------------------------|
| Carcinogenicity | : No information available |
| Reproductive effect | : No information available |
| Effects of overpressure | : No information available |
| Chronic effects | : No information available |
| Target organs | : No information available |
| | |

Toxicological Information

Adverse ecological effects in the use of this product is not known.

Disposal Information

What ever material that cannot be saved, recovered or recycleable should be moved away to approved waste facility. Spend material or off specification material in significant quantity and in paste form should not be disposed off in sewage or sanitary land fills unless effectively treated. If there is any doubt as to the methods of disposale it should referred to the Department of Environmen.

Transport Information

The material should be transported in sealed condition in suitabls bags and pallets.

Regulatory Information

| Not available | |
|---------------------------------------|--|
| Notes on Application / Limitations | Cementitious substrates must be at least 28 days old. |
| | Do not exceed the recommended water dosage. Apply only to sound, prepared substrates. Do not exceed the maximum layer thickness. |
| | Protect freshly applied material from freezing and rain etc. |
| Value Base | All technical data stated in this Product Data Sheet are based on laboratory tests. |
